PROJECTS

Git Hub : <https://github.com/rath-anshuman>

Cutm Balangir Website

website is designed to provide you with comprehensive details about our college, its programs, faculty, and facilities, resources, including admission guidelines, academic calendars, event updates, and student services info. etc.

Y-2022

Face Recognition Attendance Sys. Desktop App

This is built using Python's OpenCV, and face recognition libraries. It leverages computer vision technology to automate attendance recording, offering increased efficiency than the traditional methods with specific time and routine features.

Y-2023

Study Sync

We have developed an innovative college Android app, which is divided into two parts: one for students and an Admin app for teachers to control the overall functionality like Notes, Notice, Time table etc.
